

Handsan

70% Alcohol-based hand disinfectant

Quick acting and highly effective, alcohol-based, gel hand disinfectant. Kills a range of bacteria, enveloped viruses and yeast. Rapidly evaporates from hands.

Passes EN 14476

Added glycerol emollient to maintain skin condition.

- Disinfects hands after washing or wherever soap and water are not readily available.
- Passes EN 1276 with a 30-second contact time.
- Rapidly evaporates from hands without leaving a residue or odour.
- Recommended wherever food is handled, prepared or served.
- Ideal for in between patient contact in non-surgical medical care establishments.

Direction For Use:

For use on visibly clean hands only. If hands are dirty, wash with soap and water, rinse and dry before applying Handsan. Use sufficient product to ensure complete coverage.

Apply to palms and spread over hands and wrists, paying special attention to cuticles and creases in skin. Rub in well; until skin is dry. This should take approximately 1 minute.

Not suitable for use on hands with cuts or grazes, or on damaged skin. Avoid spilling or splashing on clothes or fabrics.
